### Section 1 Introduction

Beginning Jan. 1, 2023, the hourly minimum wage that federal contractors must pay to their employees increased to \$16.20/hour — this follows an April 2021 executive order that required federal contractors to pay a \$15 hourly minimum wage to workers for new federal contract solicitations starting Jan. 30, 2022. Several states have also taken action to gradually increase the minimum wage to at least \$15/hour for most employees. To help employers prepare and address related issues, this roundup provides links to federal and state resources from organizations, government websites, third-party resources and news articles.

### Section 2 Federal

Beginning Jan. 1, 2024, the Executive Order 14026 minimum wage rate for federal contracts increased to 17.20/hour — up from \$16.20/hour in 2023. This minimum wage rate applies to non-tipped and tipped employees alike, as this executive order eliminated the lower cash wage that contractors may pay tipped employees. In September 2023, a Texas federal court held that President Biden exceeded his authority by issuing the Executive Order in 2021 to raise the minimum wage for federal contractors to \$15/hour in 2022 and blocked the increase in Louisiana, Mississippi and Texas. The Department of Labor (DOL) has appealed this ruling. Other federal courts have upheld the increase. Contracts entered into before January 2022 are still subject to the lower hourly minimum wage rate — which is \$12.90 for 2023.

The president also supports a broader minimum wage increase to \$15/hour — as announced in the Jan. 22, 2021, executive order and during his presidential campaign. Legislation was introduced in 2021 in the House and Senate to progressively increase the minimum wage to \$15/hour by 2025, but it did not pass.

### Section 4 States and cities committed to at least a \$15/hour minimum wage rate

California, Connecticut, Delaware, Florida, Hawaii, Illinois, Maryland, Massachusetts, Nebraska, New Jersey, New York, Rhode Island, Virginia and Washington, DC, currently have committed to increase the general minimum wage rate to at least \$15/hour. Some cities in other states have also committed to at least a \$15 minimum wage.

#### Arizona (Flagstaff and Tucson)

Flagstaff's minimum wage is \$17.40/hour as of Jan. 1, 2024 — up from \$16.80/hour in 2023.

• <u>Minimum wage</u> (City of Flagstaff)

Tucson's minimum wage rate increased \$14.25/hour on Jan. 1, 2024 (up from \$13.40); it will increase to \$15 by Jan. 1, 2025.

<u>Tucson Minimum Wage Act</u> (City of Tucson)

#### California

The minimum wage increased by 3.5% to \$16/hour (up from \$15.50) for all employees on Jan 1, 2024. In 2022, the Secretary of State announced that an initiative to increase the minimum wage to \$18/hour beginning in 2025 will be on the November 2024 ballot. Numerous counties and cities in California have higher minimum wage rates. For example, Los Angeles' minimum wage rate increased to \$16.78/hour on July 1, 2023; it will increase to \$17.28 on July 1, 2024. San Francisco's minimum wage rate increased to \$16.85/hour on Jan 1, 2024 — up from \$16.30.

Fast food workers will earn \$20/hour beginning April 1, 2024, under legislation (<u>AB 1228</u>) that was <u>signed</u> by the governor on Sept. 28, 2023. The Fast Food Council can increase the wage annually, but the increase will be capped at the lesser of 3.5% or the annual increase in the US-CPI for Urban Wage Earners and Clerical Workers.

On Oct. 13, 2023, Governor Newsom <u>signed</u> legislation (<u>SB 525</u>) that will increase the minimum wage for many health care workers to \$25/hour beginning in 2026. Under the law, workers at large health care facilities will earn \$23/hour in June 2024, \$24/hour in June 2025 and \$25/hour in June 2026. For the remaining health care workers, the minimum wage will more gradually increase to \$25/hour. For example, employees at independent rural hospitals will be paid \$18/hour in June 2024, and the rate will gradually increase to \$25/hour in June 2024, and the rate will gradually increase to \$25/hour in June 2033. Certain cities — for example, Los Angeles, Monterey Park and Long Beach — already have a \$25/hour minimum wage for health care workers.
